Magnet Pillars in Action: Academic Excellence

PGC: A Picture Perfect Start to High School

Great art is built in layers, and so is learning at a Magnet School. We know that academic excellence begins with feeling supported and heard. At BHSVA, Peer Group Connection (PGC) helps freshmen sketch out a confident start. In PGC, trained juniors and seniors guide ninth graders through conversation, activities, and teamwork, adding new colors to their high school experience.

At BHSVA, our vision is that in everything we do, we PROSPER. The PGC class is one way we live it.

- Perseverance: Groups help freshmen keep going when the schedules feel tough.
- Responsibility: Leaders own their roles
- Ownership: Students learn to create their own path.
- Service: Student Leaders uplift their community by welcoming new students.
- Perspective: Freshmen see high school through the eyes of someone who's been there, with empathy and understanding.
- Elevate: Freshmen and leaders rise together, building community.
- Reflection: Every session is a chance to grow through insight.

Whether your child is drawn to Media Production, Graphic Design, Fine Arts, or Business & Marketing, PGC helps support their goals and sets them on the path to academic and personal excellence.

Upcoming Dates

In the Studio: Student Artist Spotlight

Xiao Nuo Li, Class of 2027

This month, we are proud to spotlight Xiao Nuo Li, a senior in our Business & Marketing pathway whose creativity stretches across drawing, painting, digital art, photography, video, and illustration.

Xiao Nuo's artistic journey began years ago, watching drawing tutorials and sketching favorite characters like Shopkins and Elsa.

Today, her passion has grown into polished

digital work. Her process starts with a light sketch, refined slowly as the design develops. On her iPad using the Ibis Paint app, she turns her linework red, adds the outline, and then layers in color and rendering.

Her featured piece, “Creation Descender,” is a character of herself from a game she enjoys. Xiao Nuo spent hours rendering the skin, jewels, and hair, and the polish shows. Congratulations, Xiao Nuo!

“
**MY ART
SHOWS MY
LOVES AND
MY PASSIONS.**
